Subject: Microsoft Settlement

Judge Colleen Kollar-Kotelly

I feel that Microsoft has been punished enough. It is time to end this action!

The 9 states do not have a case to stand on, and are just trying to get there names in the press.

It is one thing to prove that harm has been done, it is another thing to twist the legal system to support a personal vendetta against Microsoft.

Please end this farce and approve the settlement

Matt Katzer
